- 13.16 Notwithstanding anything to the contrary under Serving of Suspensions, any Player serving a suspension incurred during the Regional Phase shall have that suspension carry through to and served during the Championship Phase, where that Player's team has made the Championship Phase and there is time yet to be served under the suspension at the outset of the Championship Phase. Otherwise, for all Yellow Cards incurred during the Regional Phase, in respect of which a suspension has not been incurred, at the outset of the Championship Phase, such Yellow Cards shall be expunged and of no further effect, so that a Player in these circumstances shall have a "clean slate" at the outset of the Championship Phase ("clean slate rule").
- 13.17 NZF may, in writing to the Participant, at its sole discretion approve a suspension being served within the Championship Phase that should otherwise be served outside of the NL in accordance with the NZF Disciplinary Code. This may be used in circumstances that prevent a Player from competing in the Championship Phase that may have otherwise been competing during this period of the Competition to allow the Player to be eligible to compete. A Player provided this discretion must have been named in a Start List during the Regional Phase.
- 13.18 Notwithstanding regulation 13.10, where a Wellington Phoenix FC Player incurs a suspension in either the A-League or other official Football Australia matches, except for a suspension incurred because of Yellow Card accumulation, that Player will also be suspended from playing in the NL until such time as the suspension has been served in either the A-League or other official Football Australia matches. If a Player is suspended in the A-League or other official Football Australia matches for Yellow Card accumulation, they will serve that suspension exclusively in the competition in which they incurred the suspension and may otherwise play in the NL during such time. This is subject to regulation 13.17 albeit a Wellington Phoenix FC Player does not need to have been named in the Start List during the Regional Phase for discretion to be applied.

14 ANTI-DOPING AND INTEGRITY

- 14.1 Players shall be subject to drug testing by the Drug Free Sport NZ. For the sake of clarity, this shall comprise in-competition and out of competition testing for all Players.
- 14.2 Drug Testing is specifically covered by the NZF Anti-Doping Regulations. It is the responsibility of each Participant and Player to ensure they are conversant with the appropriate Regulations, including the current list of banned substances provided by Drug Free Sport NZ, available via the Drug Free Sport NZ website.

- 14.3 All Participants will have a compulsory education seminar presented by Drug Free Sport NZ, to Players and Team Officials prior to the commencement of each NL Season, or Players and Team Officials must complete this education seminar via the Drug Free Sport NZ online portal before they take part in the NL. It is each Participant's responsibility to arrange the seminar or complete the course online with Drug Free Sport NZ.
- 14.4 All Participants must ensure all Relevant Regional Association Persons, as defined from time to time and who are listed in Schedule 2 of the NZF Anti-Match Fixing Regulations, go through NZF integrity training in respect of the NZF Anti-Match Fixing Regulations prior to their participation in the NL either via NZF online training or organise this education session with their respective Controlling Federation.
- 14.5 Any Participant breaching regulation 14 shall be liable for a fine of up to \$1,000 and an education seminar arranged within agreed timeframes between the Participant and NZF.

15 INCIDENTS, DISPUTES AND PROTESTS

- 15.1 Any Participant in the NL may bring a dispute or protest to the Competition Manager who shall make a decision or refer to the appropriate Judicial Body according to NZF Statutes or these Regulations, and advise the party or parties concerned.
- 15.2 For the purpose of these Regulations, protests are objections of any kind related to events or matters that have a direct effect on matches, including but not limited to the state of and markings on the pitch, match equipment, eligibility of Players, venue installations and match balls.
- 15.3 Unless otherwise stipulated in this article, protests other than matters of Player eligibility shall be submitted in writing to the Competition Manager within 48 hours of the conclusion of the match in question.
- 15.4 Protests regarding the eligibility of Players shall be submitted in writing to the Competition Manager either within 48 hours of the conclusion of the match in question or 48 hours after information relating to Player eligibility is known to the party submitting the protest, whichever is the later. Notwithstanding anything in this regulation, protests regarding the eligibility of Players cannot be submitted after the date which is seven (7) days following a Participant's final match within a phase of the Competition. By way of example, no protest regarding eligibility of Player can be submitted seven (7) days after a Participant's final match in the Regional Phase and prior to the commencement of the Championship Phase of the Competition.
- 15.5 Protests against any incidents that occur during the course of a match shall be made to the referee by the Participant's captain immediately after the disputed incident and before play has resumed, in the presence of the captain of the opposing Participant. The protest shall be confirmed to the Competition Manager in writing no later than 48 hours after the match.
- 15.6 No protests may be made about the referee's decisions regarding facts connected with play, such decisions being final in accordance with the NZF Disciplinary Code.

16 EQUIPMENT

- 16.1 Each Participant shall comply with the National League Playing Strip Regulations as stipulated in Appendix One.

Playing Strips

- 16.2 Each Participant shall seek the prior approval of the Competition Manager of playing strips that are two completely different and contrasting colours (one predominantly dark and one predominantly light) for its First Choice and Alternate strips (shirt, shorts, socks). In addition, each Participant shall select two contrasting colours for goalkeepers. These goalkeeper strips must be distinctly different and contrasting from each other as well as different and contrasting from the First Choice and Alternate strips. A goalkeeper may, at the discretion of the referee, wear tracksuit trousers provided the colour of such tracksuit does not conflict with the provisions of this article. Only these colours may be worn during matches. There should not be any overlap of colours between the First Choice and Alternate strips.
- 16.3 Each Participant shall wear its First Choice strip in their Home Matches, and all other matches where there is no clash of colours with the Home Team. In the event of any match being played at a neutral match venue, it will be the responsibility of the Competition Manager to ensure that there will be no clash of colours and to determine which Participant is to change, if necessary. Where possible the team listed first will be given priority to wear their First Choice strip as communicated within the match confirmation.
- 16.4 Where the strips of the two Participants are alike or similar, the Away Team shall wear their Alternate strip as long as that does not, predominantly contain any of the basic colours of the Home Team and is approved by the referee. However, on others they may also be required to change shorts and/or socks. For the avoidance of doubt the Away Team shall have priority of wearing their First Choice Strip over the Home Team goalkeeper wearing their First Choice strip.
- 16.5 It is the responsibility of each Participant to notify the Competition Manager of requests of strip for upcoming match in a timeframe stipulated by that Competition Manager and no later than when the respective match confirmation, or similar, is circulated to both Participants during the Match Week. It is also the responsibility of Participants to notify the Competition Manager of any changes to their registered colours at the earliest opportunity. Participants must also notify should they wish to change strip from that already notified to the Competition Manager.
- 16.6 It will be the responsibility of the Away Team to carry their Alternate strip with them at all times, to ensure that on Playing Day the Away Team has sufficient flexibility to change its strip as necessary so as to avoid any clash of colours with the Home Team.
- 16.7 If, in the opinion of the Competition Manager, a clash of colours will occur to the detriment of the match, the Competition Manager may direct either or both Participants to change or vary their strip.
- 16.8 A Participant breaching regulation 16.2-16.7 shall be liable for a fine of up to \$500.00 for each breach.

Numbers

- 16.9 A Player must wear the shirt with the corresponding number that is listed in any Start List. The same number may, at the Participants discretion, be displayed on the front of the shirt. The number must be clearly legible and distinguishable from a distance for all Players, Match Officials, spectators and media from the colours used for the respective playing

equipment item. This distinction may be achieved by displaying the numbers on a single-coloured patch. The number may be surrounded by a border or shadow outline.

- 16.10 A Participant must have corresponding numbers displayed on the front of their playing shorts during matches in the Championship Phase only.

The Host Participant is responsible to ensure their match venue is organised in line with the match list and any contractual obligations to the venue owner. NZF may, within the Championship Phase only, reimburse the Host Participant for the costs associated with the match venue up to a certain amount as outlined to and/or agreed as between NZF and Participants prior to the commencement of the Championship Phase.

Changes in the match list may be required by a broadcaster at the approval and discretion of NZF.
- 18.4 Prior to the commencement of each NL Season, each Participant shall nominate its match venue(s) to allow inspection and approval by NZF. This will be managed through the Club Licensing process to ensure the nominated venue/s are compliant with the Club Licensing Regulations.
- 18.5 If any Participant wishes to change any Match Date or kick-off time, they must advise the Competition Manager in writing at least ten (10) days prior to the scheduled game, setting out in full their reasons for requiring the change. The Competition Manager will check the request with the other Participant but holds the right to make the final decision. Any additional cost incurred in changing a previously agreed match date or kick-off time shall be borne by the Participant making the request.
- 18.6 In the event of a Participant wishing to play at a match venue other than its nominated match venue, the Participant must notify the Competition Manager ten (10) days' notice in writing setting out the reasons for the change of match venue, with full particulars of the new match venue and facilities available for Players, spectators and officials. Should a Participant not have access to their respective Home Match venue then they will be required to play on a suitable other home venue approved by NZF.
- 18.8 NZF reserves a right to determine the match venue, date and kick-off time for all matches in Regional Phase and the Championship Phase. The Competition Manager has full discretion to adjust or make changes to the draw, matches, venues or kick-off times to ensure the successful completion of the NL.

Floodlight Matches
